\*additional accessories

## A **PERFECT BALANCE** OF SPEED **AND ACCURACY**

### AC100 Wheel Clamps

- Self centering clamp design for accurate measurement with Passive targets
- Two-sided claws eliminate accessories and allow reliable clamping even over hub caps
- Accessories available to accommodate larger wheels

### XD Camera

- \*V.O.D.I.\* Vehicle Orientation Directional Indicator
- Guides the technician through the measurement process

### \*EZ-TOE

- Turn the front wheels and access difficult adjustment points while still displaying centred toe readings

### Vehicle Dimensions

- Visual reference to a vehicle depicting wheel base, track width difference and front and rear wheels setback
