

JOINING AND HEATING

EVERYTHING FOR JOINING AND HEATING IN COLLISION DAMAGE REPAIR

The joining of car parts is an important part of the repair process and Car-O-Liner has all the tools you need to finish the job easily and accurately. Car-O-Liner offers a wide range of welding systems, from our complete assortment of Spot- and MIG/MAG-Welders to induction heaters, riveting tools, cutters and accessories.

CTR9®

ART. NO. 48574

INCREASE EFFICIENCY AND PRODUCTIVITY

The **CTR9** fully automatic welder comes with a new, revolutionized light-weight transformer gun. With its 355° swivel handle and ergo-grip, it enables perfect working positions for anyone, for any job. The gun is supported by a telescopic arm in a durable and lightweight extruded aluminum that can easily be adjusted both vertically and horizontally. A compact power unit with a low center of gravity gives mobility and stability, a 16,000-amp transformer and CANBUS communication ensure a perfect weld every time.

C-TONG

The 355° swivel handle with quick release can swivel on two axes. Just press the quick-release button and turn the handle to a optimum working position for superior handling gives you the freedom to perform.

ART. NO.	DESCRIPTION	QTY.
48574	CTR9 RESISTANCE SPOT WELDER	1
	Includes:	
48575	CTR9 400V	1
44962	Balancer Arm	1
49318	C-Yoke 80mm	1
49319	C-Yoke 350 mm	1
49320	C-Yoke 500 mm	1
48576	Elektrode Kit	1
33944	Coolant, 3.3 L	1
ADDITIONAL EQUIPMENT		
49317	C-YOKE 40 MM	1
49161	CTR9 CE 230V , incl. Balancer arm, C-Yokes 80, 350 & 500mm, Electrode Kit & Coolant.	1

- **DOUBLE ROTATING C-TONG HANDLE** — for higher productivity while reducing strains and injuries.
- **ERGO-GRIP HANDLE** — allows technicians to comfortably hold gun in any position
- **LIGHTWEIGHT TRANSFORMER GUN** — allows for quick work with a minimum of body strain
- **TELESCOPIC SUPPORT ARM** — adjustable both vertically and horizontally for maximum freedom of movement for an optimum working position
- **AUTOMATICALLY* ESTABLISHES REQUIRED SETTINGS** — to ensure the proper weld nugget.
- **WELDING CURRENT UP TO 16,000 AMPS** — for powerful output
- **INNOVATIVE, COMPACT DESIGN** — with low center of gravity for increased safety and agility
- **EXCLUSIVE LED CONTROL PANEL** — is easy to follow instructions for a secure weld
- **WELDLOGGAR** — (optional) software for documentation and registration of weld data
